

The **Holiday Season** is almost upon us, and at a meeting of some of the Competitive Bowlers today, the idea of selling **Poinsettias** as a fundraiser was introduced.

SHELMERDINE is offering a deal to organizations such as ours to raise funds through the selling of poinsettias. Shelmerdine grown poinsettias are large, festively decorated florist quality plants, available in six spectacular colors.

These beautiful large plants (approx 24 inches diameter and 24 inches tall) will sell for **\$20.00**, and lawnbowls will make a profit of \$9.00 per plant.

Almost everyone wants to have a lovely poinsettia plant in their home at this time of year, so it seems an easy way to generate some much needed funds for our bowlers. If you can kindly help out by purchasing one and selling a few to your friends, family and neighbors, it will be most appreciated.

The plants will be delivered to 1212 Dakota Street and a day or days will be arranged for pick up. In some cases we will arrange delivery to you if required. We are thinking of a delivery date of around Nov. 29th or 30th.

Kindly reply to this email to advise that you will purchase and/or sell plants for this project.
